

FAFSA/Financial Aid Filing Assistance

Make your college dreams a reality!

The nonprofit, Baltimore CASH Campaign, can help you fill out the FAFSA, Free Application for Federal Student Aid. Even though the state deadline has passed, applications can be filled all year. Both current and anticipating college students can complete the form to determine eligibility for federal student aid.

Please bring your most recent tax return to the appointment. Students who are considered "dependent" on the FAFSA application will need to bring their parents and their parents' tax returns to the appointment as well.
